

FAIRFIELD HIGH SCHOOL

Peterchurch, Herefordshire HR2 0SG - 01981 550 231 admin@fairfield.hereford.sch.uk - Head Teacher: Mrs S L Gaston

5th October 2020

Dear Parent/Carer

Revision Guides for Science GCSE Courses

The Science Department would like to recommend revision guides and workbooks published by CGP. These are written specifically for the AQA Science GCSE courses which we teach, and are excellent value for money. Each revision guide also comes with an online edition. The revision guides for the separate Sciences are £5.65 each. These books have revision notes, exam style questions and mark schemes. Since triple scientists are taking 3 subjects, they need a revision book for each subject. We strongly recommend that all students have these books to help with revision, and use the practice questions to develop their exam technique during their private study time at home. The mark schemes will enable students to check their own answers as they work.

We will be bulk ordering these books so that they are ready to go out to students in November. The deadline for orders is the **16th October**. This deadline cannot be extended and orders after this date will **not** be processed. This offer is only available to the school this term, and is at half of the retail price for these resources. If you would like us to order these revision resources for your son/daughter, please complete the order form and return it to the Science department after making your payment on Parentpay– it is essential that order form and payment are received by the order deadline. Thank you.

Yours faithfully

Mrs Elaine Kerr
Head of Science

Revision Guides for Science GCSE Courses

I would like to purchase Science Revision Materials for
(Name of son/daughter)

Please tick the relevant box below:

Resource	Cost	Please tick
Biology Revision Guide with online edition	£5.65	<input type="checkbox"/>
